

MAKE JOINT DECLARATION OF POLICY

ACTION IS TAKEN ON ROOT RESOLUTION AS TO CHINESE POLICY

First Definite Agreement to Come Out of the Conference—Does Not Provide in Detail Settlement of Specific Problems—Text of the Official Communique is Given Below

(By The Associated Press)
WASHINGTON, Nov. 21.—A joint declaration of policy toward China based on territorial and administrative integrity, economic opportunity, an enforced "open door" and the abolition of "special rights," was agreed upon today by all the nations represented in the arms conference. The first definite agreement to come out of the conference, the declaration touches in general terms most of the principles for which China asked in her "bill of rights" but does not provide in detail for the settlement of specific problems with which she is confronted. Elihu Root of the American delegation proposed the declaratory resolution and two hours of debate preceded its adoption. During the discussion both Japan and China, as the most directly interested nations asked many questions as to possible application of the suggested principles to specific problems while all the other nations took a less active part in the debate.

GOVERNMENT TO BE BENEFITTED BY TAX DECISION

Supreme Court Upholds Contention on Income Tax

WASHINGTON, Nov. 21.—Decisions of the supreme court today upholding government contentions in three income tax cases will in the opinion of Solicitor General Beck and treasury officials go far toward unravelling many perplexing questions arising in stock dividend controversies and result in the recovery by the government of many millions of dollars.

Two of the cases were similar and involved taxation as income of stock issued by stockholders of the Ohio Oil and the Prairie Oil and gas companies by the Illinois and the Prairie Pipe line companies respectively.

The pipe line companies were organized by a decision by the supreme court that the interstate commerce and federal trade commissions had jurisdiction over companies operating pipe lines. The government contended the stock should be classed as income and taxed as such. The contention was opposed by the companies and various stockholders including John D. Rockefeller.

Justice Pitney delivered the majority opinion of the court, Justice Vanderventer and McReynolds dissenting. The majority opinion said: "New stock represented assets of the oil company standing in the place of the pipe line properties that before had constituted portions of their surplus assets and it was capable of division among the stockholders as the pipe line properties were not. The distribution of the new stock constituted in the case of each individual a gain in the form of actual exchangeable assets."

The third case in which a decision was handed down grew out of the organization of the E. I. du Pont Nemours Powder company of Delaware by the parent company of the same name of New Jersey, which turned over to the Delaware corporation all its assets and took in exchange the stock of the new company.

The court, in holding the new stock which was distributed among the stockholders of the parent company subject to the income tax law said:

"The new common stock became treasury assets of the old company and was capable of distribution as the manufacturing assets whose place it took were not. Its distribution transferred to the several stockholders new individual property rights which they were entitled to retain and to sell or transfer, although the same substance."

Perfect satisfaction with the resolution was expressed tonight by Admiral Baron Kato, head of the Japanese delegation, although he declined to suggest what claims the agreement might lead to in the far east. The Chinese also declared themselves gratified at the development and the delegates of the other nations generally voiced the view that the agreement was a good start toward a complete agreement on the most important of the far eastern problems. The two features of the declaration attracting widest attention tonight were the clause approving "administrative integrity for China and that under which the powers agreed not to seek special rights" within Chinese territory.

Previous declarations of policy regarding Chinese integrity have stopped with territorial integrity, commonly construed as a much narrower term than "administrative integrity."

The "special rights" agreement was considered generally a direct contravention of the policy of spheres of influence.

The text of the resolution was embodied in an official communique issued by the conference late today. It follows: "The committee on Pacific and Far Eastern questions met at the Pan-American building, Nov. 21, at 4 o'clock, p. m. All the members were present except Baron Shidehara, the Japanese ambassador, who is ill, and Meda, of Italy.

"The committee discussed a series of resolutions prepared for their consideration by Senator Root, setting forth the general principles to guide the committee in its further investigation in regard to China, which after full discussion and amendment, were adopted in the following form: "It is the firm intention of the powers attending this conference hereinafter mentioned, to-wit: the United States of America, Belgium, the British empire, France, Italy, the Netherlands and Portugal:

"(1) To respect the sovereignty, the independence and the territorial and administrative integrity of China.

"(2) To provide the fullest and most unembarrassed opportunities to China to develop and maintain for herself an effective and stable government.

"(3) To use their influence for the purpose of effectually establishing and maintaining the principle of equal opportunity for the commerce and industry of all nations throughout the territory of China.

"(4) To refrain from taking advantage of the present conditions in order to seek special rights or privileges which would abridge the rights of the subjects or citizens of friendly states and from countenancing action inimical to the security of such states."

The committee adjourned to meet at 11 o'clock tomorrow morning."

STOCKHOLDERS OF D. AND R. G. SUE TO RECOVER MONEY

Allege Loss of \$200,000,000 in Last Ten Years

(By The Associated Press)
NEW YORK, Nov. 21.—Suit for the recovery of \$200,000,000 which it is alleged is the amount of loss sustained by the Denver & Rio Grande railroad as a result of an unlawful combination and conspiracy on the part of men who served on the directorate of the railroad during the past ten years was started today in the supreme court. The men named as conspirators in the complaint which was made by a committee of stockholders, are George J. Gould, Edward T. Jeffery, Arthur Coppel, Edwin Gould, Kingdon Gould, Edgar L. Marston, Benjamin F. Bush, Edward L. Brown, Edward D. Adams, Finley J. Sheppard, Harrison Williams, Benjamin B. McAlpine, George G. Haven, Henry U. Mudge, James Horace Harding, Harry Bronner, Charles C. Hitt, John McClement, Alvin W. Kreh and Alexander B. Baldwin. The Denver & Rio Grande Railroad company also is named as defendant.

This action is the climax to the efforts that stockholders have been making a period of nine years toward having the finances of the company thoroughly investigated. In 1920 the stockholders protective committee was organized and the suit brought today is the result of its efforts. Among members of the committee are George T. Rogers, Joseph Slovic, James Nelson and Benjamin Old.

In its complaint the stockholders' committee asserts that for many years the D. & R. G. railroad carried on a prosperous business and in the ten years from 1900 to 1910 paid preferred dividends in full. The complaint alleges that in 1915 the defendants entered into a conspiracy to wreck the D. & R. G. and to cause all its properties to be absorbed by adverse interests.

As the first step in this direction the complaint says, the alleged conspirators, directors of both the Missouri Pacific and the Denver & Rio Grande caused the latter to default a mortgage interest payment to the Western Pacific, although the road had ample cash resources to meet the same. By this action and succeeding ones, the directors caused foreclosure proceedings to be instituted against the Rio Grande, it says.

MAURICE DUMESNIL AT WOMAN'S COLLEGE

French Pianist Gave Brilliant Recital Monday Evening—Large Audience Heard Program

The eminent French pianist, Mr. Maurice Dumesnil was greeted by a large audience in Music Hall at Illinois Woman's college Monday evening. The artist passed all expectations in his rendition of a well chosen program, which included conventional numbers as well as a group of interesting modern pieces.

Monseigneur Dumesnil proved master of all the equipment necessary to a first rate pianist, the outstanding qualities of his playing being variety of expression, clarity and beauty of tone.

The Beethoven Sonata appassionata was rendered with dramatic power and finish. The Chopin group brought out the elegance and charm of the French school of playing which M. Dumesnil so ably represents, although one could have wished for a more sparing use of the rubato and more regard for the fundamental rhythm of some of the compositions.

Before starting his modern group the artist gave interesting explanations of the scenes depicted by Debussy, Vulliamin and Onstein and it was evident that these were greatly appreciated by the audience.

The program ended with Liszt's 12th Rhapsodie which was brilliantly executed with splendid accuracy and perfection of technique.

M. Dumesnil responded to the continuous applause with several encores.

OMAHA, Neb., Nov. 21.—The Wells-Niemann plant, largest flour-milling concern in the state, was sold at public auction at Schuyler, Neb., today, for \$90,000.

The plant, which was built eighteen years ago at an original cost of \$600,000, according to W. J. Coad, joint receiver with the Peters Trust company, was bid in by W. Dale Clark, of the Omaha National bank, for four creditor banks.

SEEK TO RESTRAIN CANVASS OF NORTH DAKOTA ELECTION

Supreme Court is Now Considering the Petition

(By The Associated Press)
BISMARCK, N. D., Nov. 21.—The supreme court of North Dakota late today took under consideration the petition of five tax payers for an order temporarily restraining the state canvassing board from canvassing the recall election ballots on Wednesday.

Attorneys for the taxpayers seeking to nullify the election asked the court to hear them tomorrow, but the court decided upon an immediate hearing and after preparation of the case by C. E. Ellsworth, permitted Ellsworth to file a citation of additional authorities tomorrow.

The petitioners asked that the recall, which resulted in the election of R. A. Nestos as governor, Sveinbjorn Johnson as attorney general and Joseph A. Kitchin, as commissioner of agriculture and labor be nullified on the ground that there was not a sufficient number of valid signatures to the petitions to obtain such an election.

The election of October 28 sought to be nullified by these proceedings resulted in the recall of Governor Lynn J. Frazer, Attorney General William Lemke and John N. Harkin, supported by the Non-Partisan League and the election of their independent opponents.

SECOND CIRCUIT COURT WEEK OPENS

Argument Made in Suit of Strawn, Adams, vs. Oakes, Et Al—Docket—Entries Made

In the circuit court Monday much of the time was taken in argument over a demurrer in the suit of Gales Strawn as administrator versus Henry Oakes and others. This case has been pending thru several terms and numerous demurrers have been filed from time to time and duly argued. In the proceedings yesterday, Bellati and Moriarity appeared in behalf of A. A. Curry and J. R. Robertson, as trustees, and for Mr. Robertson personally.

These attorneys were associated with Ralph Riggs in representing the Henry Oakes heirs and with J. Marshall Miller in representing the estate of Mary E. Wood. Worthington, Reeve and Green appeared for Iven Wood and other members of the Wood family, who are interested, as defendants. Mr. Strawn, as administrator, has as his attorneys, Wilson and Butler and Judge E. P. Brookhouse, of Jacksonville, and Logan Hay of Springfield.

Law Cases. Judge Smith entered a number of docket orders. In the mandamus suit of Thomas Entrikin versus Thomas McGrath and others, the demurrer was sustained and leave was given to amend.

In the appeal case of Helena Hughett versus John Holly, a default order was taken against the complainant.

In the assumpsit suit of the Langton Lumber Company versus William McCriley, a demurrer to the declaration was entered.

In the assumpsit suit of J. W. Strawn versus C. N. Priest, a motion for a bill of particulars was entered.

Chancery. In the bill of Noah Hudson and others versus John Garvin and others brought to set aside a will, motions were entered to set aside previous orders.

In the suit of Blanche M. Williams versus Masie Mallory and others brought to set aside a will, motion for a new trial was allowed and a further order was entered dismissing the bill in accordance with the stipulations on file.

In the divorce suit of Emma Carpenter versus Charles H. Carpenter, the default of the defendant was noted.

In the divorce suit of Nadine Ham versus Sam Ham, a decree was entered and the cause stricken.

In the divorce suit of William L. Edwards versus Rose Edwards, the decree was granted.

SIGMA PI HELD MEETING MONDAY

Sigma Pi society held a regular meeting Monday evening. The following program was rendered: Declamers—Wright, "Forgotten"; Henry, "He'd Had No Show."

Readers—Wilson, "Plutarch's Life of Antony"; Lashmet, "Repentance." Essayists—Peters, "Without Benefit of Subject"; Brown, "The Lower Elements."

Weber, Burrus and Hobson extemporized on the "Unemployment Crisis."

The program was well worked out and was given before a good attendance.

FORD-NEWBERRY CONTEST IS LAID ASIDE BY SENATE

Debate Marked by Heated Tilt Between Democrats

(By The Associated Press)
WASHINGTON, Nov. 21.—The Ford-Newberry senatorial election contest in Michigan was laid aside by the senate tonight not to come formally before the body again for several weeks.

After a day of discussion in which Henry Ford who is contesting the seating of Senator Newberry, was both denounced and defended and which was enlivened by a heated tilt between Senators Williams of Mississippi and Watson of Georgia, Democrats the election controversy was sidetracked to make way for the conference report on the revenue bill.

No agreement as to a date for a vote was reached, but the understanding developed that little further consideration would be given the case until late in December. At that time Senators Pomrenne of Ohio, who is leading the fight against seating Mr. Newberry and King of Utah, both Democrats, expected to be back from the trip to Haiti and Santo Domingo, where a special committee is to make an investigation of naval administration of the island republics.

The clash between Senators Williams and Watson developed when the latter attacked Mr. Ford and declared that "left over Wilsonites" in the senate were seeking to retire Mr. Newberry because he had opposed the league of nations.

Mr. Williams said he regarded Mr. Ford as "so far superior in altruism, in world sense and in world vision to the senator from Georgia (Mr. Watson) and myself, that I can hardly find words to express it."

He was interrupted by Mr. Watson who declared he had not asked a "clean bill of health from Mr. Williams" and added: "I stated that the war department records show that in various items paid to Henry Ford, he was paid for materials never delivered one item being for tractors, and the amount was five million dollars, that he kept his son out of war when the sons of Senator Newberry were in the war."

Mr. Watson also charged that Mr. Ford had assessed his employees, "blackmailed" them, he said, for \$50,000 for his "expense account."

Mr. Williams denied that Mr. Ford had ever done such a thing and added: "I did not approve of Mr. Ford's course during the war when the senator from Georgia was running with him, when they both were trying to make peace for a common enemy."

"When the senator states that, he states what is not true," shouted Senator Watson.

Mr. Williams inquired which part of his statement was not true and when informed, continued: "I take back that part of it, in which I said he was running with Henry Ford, but I don't take back the part of it which I said he was running against his country."

Mr. Williams attempted to continue, but Mr. Watson was shouting "it's false" other senators were seeking recognition from the chair and Senator Helin, Democrat, Alabama, who had held the floor when the exchanges began, was vainly trying to make himself heard above the many voices and the bawling of the gavel by the vice-president.

Mr. Watson and Mr. Williams, with two desks between them stood glaring at each other when order was restored. Mr. Williams, without another word, picked up his hat and walked out of the chamber.

RIOTING AGAIN BREAKS OUT IN BELFAST STREETS

BELFAST, Nov. 21.—A pedestrian was fatally wounded this afternoon, when the rioting, which broke out Sunday, spread to the York street district. Under cover of darkness, gunmen fired a volley along Earl street and the pedestrian was hit by a bullet.

Later two men entered a Station street public house and ordered the bartender to throw up his hands. When he declined to do so, he was shot and killed.

AURORA MAN HEADS HOOSIER FOOTBALL TEAM

Bloomington, Ind., Nov. 21.—Frank Hann of Aurora, Illinois, right end, was elected captain of the 1922 Indiana University football team at the annual team banquet here tonight. Eighteen of the 21 men to qualify for their "I" were present.

ULSTER WANTS NO AGREEMENT MADE ON IRISH QUESTION

Want Sinn Fein to Give Effective Proof of Loyalty

(By The Associated Press)
LONDON, Nov. 21.—A "loyalist" meeting, held in London today as a demonstration by supporters of Ulster, adopted a resolution calling upon the government to enter into no agreement on the Irish question until the Sinn Fein not only swore allegiance to the throne, but gave effective proof of the reality of such allegiance, and until the idea of a separate army for Ireland was abandoned.

The meeting placed on record its deep sense of humiliation and regret that negotiations are taking place between the government and persons who were "stepped to the lips in an expressed policy of assassination."

The resolution further called upon the cabinet to reiterate its pledges regarding the freedom of Ulster. It also gave "emphatic opinion that any endeavor to persuade Ulster to join in an all-Ireland parliament would be a gross breach of faith and a base betrayal of the nation's honor."

Brigadier Deane, who commanded the crown forces in Limerick before the truce, but who since then has resigned, said the Irish had learned during the war that the British government had not the courage to deal with revolutionaries.

"The Indian revolution worked from the same room in New York as the revolution in Ireland," he declared. "Thrice we have been deceived by the throat and thrice we were pulled off at the moment when we were about to apply the screw tighter. The government made a truce and called a conference with men, some of whom were actually guilty of the murder of my police."

"Ulster will have to fight sooner or later and if I were there, I would fight now."

BONES OF TWO DOGS FIGURE PROMINENTLY IN TRIAL OF LANDRU

Belonger to Mlle. Marchandier, One of Alleged Victims

(By The Associated Press)
Versailles, Nov. 21.—(By The Associated Press.)—Bones of the two dogs which belonged to Mlle. Marchandier, one of the eleven alleged victims of "Bluebeard" Landru again figured prominently in today's session of Landru's trial for murder in the Versailles assizes court. Landru having admitted that he had killed the dogs, Judge Gilbert insistently pressed the prisoner to explain in what manner he had killed them. "I strangled them," Landru glibly shouted. Then he explained that he had used a waxed cord in the strangling process.

Prosecutor Godfroy who insisted that this particular point be brought out declared that he would insist on proving that Landru, under fits of extreme frenzy had strangled the missing women, had cut them up into bits and then, after regaining his normal state of mind, had sold a few cheap belongings of his victims. This was done the prosecutor argued to give the appearance that his relations with the women were merely commercial transactions.

The crush of people to gain admission to the court room to way after the three o'clock recess was so great that many women fainted. Two women hurled themselves against the bayonets of the soldiers keeping guard at the court room door. One of them was severely wounded, while the other suffered slight injuries.

IMPASSIONED PLEA MADE BY PREMIER BRIAND FOR FRANCE

Tells Conference His Country Dare Not Destroy Effectiveness of its Army so Long as the Situation in Europe is Unchanged—Delegates Express Sympathy for France

(By The Associated Press)
WASHINGTON, Nov. 21.—In an emotional plea for national security pronounced by Aristide Briand, her premier, France informed the arms conference today that however deeply she might be moved to lighten the burdens of armaments, she dared not destroy the effectiveness of her army so long as the situation in Europe remains what it is.

Summoning to the effort all the dynamic force of his eloquence, the "strong man of France" held the rapt attention of the conference for an hour as he recounted one by one the perils that beset his people. Briefly, he declared the old imperialistic party of Germany still was covertly teaching the religion of war and hoping to turn to its advantage at the very door of France, seven millions of men trained in the use of arms, while beyond lay Bolshevik Russia, with her millions stirring in an unrest whose final course no one could predict.

By one means or another, said Mr. Briand Germany has brought under arms and was maintaining in a state of instant preparedness at least 250,000 men. War material, he declared would not long furnish a serious problem for the German nation should it decide to again make war. The present German government he credited with the most pacific of intentions, but the weakness of its tenure, he asserted, was apparent to anyone who had watched close at hand the developments of the last few months.

When the French premier had concluded, Arthur J. Balfour responded for Great Britain with a virtual pledge of British support should the civilization of Europe be again threatened as it was in 1914. For the United States Secretary Hughes declared the plea of France never fell on deaf ears in America and Italy and Belgium added their word of appreciation for the peculiar situation of the French.

Admiral Baron Kato, speaking in his turn expressed the profound sympathy of Japan for the declaration of Premier Briand and asserted that for themselves the Japanese desired to maintain on land only such military forces as seemed "necessary for national security and the maintenance of order within."

Both Mr. Balfour and Baron Kato suggested that the day's development seemed to indicate that any limitation of land armament would be difficult to establish and altho the subject was referred to a committee of the whole for further consideration, there was apparent no inclination to hasten the discussion of details. It would not surprise some of the delegates if the armament negotiations simmered down to an effort merely to agree on a general statement of policy.

Detailed figures on the present and proposed military strength of France were not included in Premier Briand's address to the conference but tonight he explained that his allusions to contemplated reductions forecast a future strength of 375,000 regulars as against 500,000 now under arms. "If any one asks to go further," he said, in concluding his address to the conference, "I shall have to answer clearly and definitely that it would be impossible for us to do it without exposing our selves to a most serious danger."

HELD FOR SHOOTING HIS EMPLOYEES

St. Louis, Mo., Nov. 12.—A warrant charging Clifford H. Taylor, negro chauffeur, aged 23, with the murder of Henry B. Graham, aged 46, nephew of a paper manufacturer, was issued here tonight after Taylor surrendered to police shortly after shooting Graham in the latter's home today. Taylor said Graham had abused his wife, who was employed as a cook and that he attempted to interfere, forcing Taylor to shoot. Graham has been a central figure in several lawsuits and at one time testified his monthly liquor bill averaged \$450. He was married four times and divorced three times.

AMERICAN WINS FENCING TROPHY

New York, Nov. 21.—American swordsmen won the Thompson international fencing trophy tonight by defeating the members of the British team in seven of the twelve bouts in sabre competition.

Miss Lucy E. Sturtevant, who is visiting in this city from Kushla, Ala., is spending a few days of her visit at the home of her cousin, Mrs. Julia Shields, on West State street.

THE FARMERS'

PROGRAM

Secretary of Agriculture Henry Wallace says:

"The agricultural outlook for 1933 is favorable. We should see marked improvements over conditions as they have existed this year. Time will be required for recovery, but we have reached the bottom and are on the up-grade. The most important things farmers should work on are the marketing of farm products on a thoroughly sound business basis, and the careful study of needs of the consumer and intelligent adjustment of production to these needs."

"The perfection of co-operative selling organizations, with a view to putting the marketing of farm products on a thoroughly sound business basis, and an intelligent adjustment of production to meet the needs of the consumer—these are basic points in the American Farm Bureau Federation's program of work."

RED CROSS MEDICAL SUPPLIES TO RUSSIA

Supplies, valued at more than \$1,750,000 will have been sent into Soviet Russia by the American Red Cross and distributed by the American Relief Commission before the end of the year. These supplies, furnishing relief to tens of thousands of suffering persons, have been drawn from the European and American Red Cross stocks.

Medical supplies form an important part of these relief materials. Malaria and typhus are prevalent in the most severe forms and in the famine and disease-stricken provinces, will result during the winter months, in wide-spread and severe epidemics.

Present plans contemplate, according to Henry Boewaukes, director of distribution of Red Cross supplies in Russia—Organization of clinics at food distribution centers; drugs and medical supplies furnished to existing hospitals; establishment of preventive and curative measures for disease in relief areas and of bath and disinfecting units, installed and controlled by American personnel and operated by Russians.

There is always pleasure and profit in listening to an address by Ex-Senator Sherman. At a local church Sunday night he talked on "Law Enforcement" all the way from the municipality up to the courts of nations and pointed to law observance as one of the first duties.

Some of the matters discussed were not all new but the former senator in his own characteristic style presented them in a way to command thought and attention.

Mr. Sherman can never be accused of being afraid to voice his

opinions and that fearlessness of speech has had much to do with his successful career. Few are his equals in the use of language and his speech has a beauty of simplicity that reminds one of the Bible verbiage and of the great writers of earlier days.

Secretary Mellon and his brothers have just given to the University of Pennsylvania property worth a million and a half, a fact which further goes to prove that the secretary is not wholly dependent upon his \$12,000 a year salary for a livelihood. Mr. Mellon accounted as about the third most wealthy man in the world undertook his present big task as secretary of the treasury as a matter of public service.

Property at New Orleans which cost \$2,000,000 to erect during the war time was sold the other day for \$35,000. Instances of like kind have been numerous and yet people sometimes wonder why conditions today are not just like they were a year or two since.

"Do Your Dollar Day Shopping Early" should be your slogan today for there is the promise of a very busy day in the stores of Jacksonville. All that is needed to insure the success of the sale is fair weather and the weather here was good. Take a trip into the business district and you will find the proof on every hand that the bargain offerings are genuine.

REDUCTION IN THE NUMBER OF STRIKES

From data compiled by the Bureau of Labor Statistics it is learned that in the first quarter of 1921 strikes and lockouts in the United States numbered only 595, compared with 761 in the first quarter of 1920. Of the 595 strikes and lockouts, 89 occurred in New York, 69 in Massachusetts, 36 each in New Jersey and Pennsylvania, and 35 each in Ohio and Illinois. The metal trades accounted for 115, building trades 114, mining 17, shipbuilding 10, and iron and steel 5. Decreases in wages prompted 282 of the strikes and 31 were caused by efforts to obtain increase. None of the strikes and lockouts involved large numbers of employees, compared with the labor disturbances of 1920 and 1919.

THE DETERMINATION TO SUCCEED

"Every utterance in public address or interview by leaders at the Washington conference indicates that the various delegations are inspired by a determination to accomplish the object for which the conference was called—promotion of peace and reduction of costs of military preparedness," says the Republican Publicity Association. "There is no country represented at Washington which has signified a resolve to increase or even maintain its armaments as at present constituted. There is a disposition among all of them to join in mutual reductions, providing they do not invite assault from their neighbors by so doing."

"Great Britain is possessed of a navy far superior to any other afloat, and had it not been for the Washington conference there is no doubt she would maintain her superiority at any cost. In fact, four big battle cruisers and several submarines of huge type have been designed for the British navy and construction on many of them has already been started. But the spirit manifested by British statesmen from the moment President Harding despatched his invitation for the conference leaves no room for doubt that the delegates from Great Britain are ready to make very material alterations in their defense programs. That policy has been emphasized by the delegates themselves since their arrival in Washington."

"France has signified her desire to co-operate in every way possible in bringing success to the meeting. Premier Briand has informed us that he will use his opportunity to advance the friendly feeling between the United States and France by cordially seconding

President Harding's efforts to lighten the burdens of war."

"Japan has displayed a spirit of compromise in all that her delegates have said. Apparently there is no disposition to insist on every detail of Japanese diplomacy in the Far East, nor upon every item of increase in the Japanese navy. The attitude of the Japanese corresponds with that of the other delegations at Washington."

MISS EDMONDSON WEDS SCOTT COUNTY MAN

St. Louis Girl Is Bride of Deputy Sheriff Thomas—Union Church Service Held—Jesse McDonald Dies in California.

Winchester, Ill., Nov. 21.—An announcement was made here today of the marriage of Miss Elsie Edmondson of St. Louis and Claude Thomas of Winchester. The ceremony took place in St. Louis last Wednesday. The bride is the daughter of N. D. Edmondson of Clayton, but spent most of her life in Winchester and is well and favorably known here. After completing her general education Mrs. Thomas became a trained nurse and is very successful in her professional work. She was active in church and social circles while resident here. Mr. Thomas is now serving as a deputy sheriff and is one of the younger residents of Winchester who is universally esteemed. He is an active member of the Baptist church. A modern home on North Main street is in readiness for the newlyweds.

A union church service was held at the Baptist church Sunday night with a very large congregation present. The sermon was by Rev. Mr. Corrie, pastor of the Methodist church. Others assisting were Rev. Mr. Elmore, Rev. W. R. Johnson and Dr. E. E. Violette of Kansas City.

Mr. and Mrs. Frank Thomas who have been visiting relatives in Jacksonville and Roodhouse, returned to Winchester today accompanied by Dr. and Mrs. C. L. Thomas of Roodhouse.

Mrs. D. D. Watt is confined to her home on North Main street by illness.

A message received here by Clarence McDonald Monday told of the death of his brother, Jess McDonald, in Los Angeles. The deceased was born in this county and spent the earlier years of his life here. No facts were given as to the cause of death nor the arrangements for the funeral.

K. C. INITIATION WAS HELD SUNDAY

Over 350 at Banquet Sunday Evening—Program of Addresses and Musical Numbers Given

Jacksonville council, No. 868, staged one of the most successful initiation ceremonies ever held in the city Sunday. Many central Illinois towns were represented, and over 350 knights served at the banquet given at Liberty hall, by the Catholic Ladies' Aid society.

The arrangements for the initiation were in the hands of the committees, chaired by the following men: John Johnson, Carl Hamilton, Edward A. Brennan, Tom Duffner, L. D. Bentley, John Fogarty and James V. Kennedy.

The program of the day opened at 1:30 o'clock in the afternoon at the Knights of Columbus hall. First and second degrees were put on by a Jacksonville team. The third degree work was in charge of East St. Louis Knights.

The menu at the banquet included hot roast beef and brown gravy, potato snow, creamed peas, escalloped oysters, cabbage relish, salad a la Columbus, pickles, celery, rolls, mince pie, waters of coffee and cigars.

A feature of the banquet program which was not mentioned on the printed program was a talk by W. T. Harmon on plans for the K. of C. home here. Other numbers on the banquet program were:

Toastmaster—Rev. Father Cahill.

Music—Mrs. Julia Graef, Louise Renner and Dorothy Graef.

Vocal solo—Thomas A. Reynolds.

Address, Co-operation—Rev. Father Giusti.

Vocal solo—Mr. and Mrs. T. J. Brennan.

Address, Our Order—Hon. Joseph B. McGlynn.

CONCORD

J. E. Whorton just received word from his sister, Mrs. George Woolf, living at McAllen, Tex., that their house caught fire from a house nearby and both houses were destroyed. The furniture in the Woolf house was saved, but the other family lost everything. Some insurance was carried on the building, which was practically new. Some of the household goods of the Woolfs were stolen.

The King's Daughters' class of the Christian Sunday school, held their annual business meeting at Mrs. B. A. Cratz home on Thursday afternoon. The election of officers resulted as follows: President, Mrs. Olive L. Morrison; vice president, Mrs. Stella Smith; secretary, Mrs. Bertha Bayless; treasurer, Mrs. Nora Cratz. The monthly meetings will be held on the second Thursday in each month.

Miss Helen Yeck taught the school at Pleasant View school in the absence of the regular teacher, P. R. Leonard. No school was held on Thursday, the day of the funeral of Mr. Leonard's sister, Mrs. Rachel L. Lewis.

Charlotte Brockhouse was on the sick list, but is better. She is the youngest daughter of Mr. and Mrs. Sam Brockhouse.

The Ladies' Aid of the Christian church, will hold an oyster supper at their hall on Saturday night.

The Misses Inez Snitker and Mabel Ham, of Arenzville, visited at the home of Mrs. Ethelyn Plank on Sunday.

Edwin Lovekamp and Earl Snitker, of Arenzville, spent Sunday at the home of Mrs. Elsie Morris.

Carl Rentschler, of Galesburg, came Friday to visit his parents, and other relatives. His brother, Frank, of Nebraska, is also a visitor at G. W. Rentschler's home.

G. E. Houston and family, of Joy Prairie visited Sunday with Mrs. Houston's parents.

TRAGEDY RECALLED. J. E. Tobin of Roodhouse was in the city yesterday and remarked that July 19, 1869, his father, Morris Tobin was murdered while on duty as watchman near the junction. It was a foul and brutal murder and the probability is that the victim lost his life in the discharge of his duty. The murderer was never found though every possible effort was put forth to apprehend him.

Some time after a newspaper clipping was sent some one of this vicinity telling of a robber who entered a house and shot the head of the place as he appeared and soon after the son of the murdered man shot the would-be burglar inflicting a wound from which he died in a few hours. Before he breathed his last he confessed to eight murders of which that of Morris Tobin was one.

A few boys suits with 2 pair of pants will be sold for \$3.00 while they last on \$ day at TOMLINSON'S

E. L. Walker of Havana was visiting his daughter, a pupil at the Woman's College yesterday. Mrs. C. N. Seymour of Franklin visited yesterday with her daughter, Mrs. R. W. Leggett on South Main street.

IN MEMORY OF LUTHER CRAWFORD

Charles Luther Crawford was born Nov. 13, 1873 in the southern part of Morgan county, near Scottville, Ill., departed this life at 5:30 p. m. Wednesday, Nov. 16 at the Passavant hospital age 48 years and 3 days. Being the third child of Sergeant B. and Mary J. Crawford, he was married to Ora Mann, Nov. 11, 1892. To this union three children were born, Lela, wife of A. J. Roach of Yeoman's Station, Russell and Earl at home, besides these he leaves to mourn his loss, one sister, Mrs. Charles Gordon, of Palmyra. Four brothers, John W. of Hartland, Edward of Detroit, Michigan, Elmer of Orleans, Gussie of Modesto. Five grandchildren and a host of other relatives and friends.

His mother preceded him in death twelve days, his father six years and one sister died in infancy. He was a kind and loving husband and an affectionate father, a good neighbor, a respected citizen, ever ready to lend a helping hand to those in need.

His entire life was spent in this county, twenty-five years being spent in Sulphur Springs community. He was for sixteen years in the employ of James Dobyns and for the past nine years has resided on a farm which he purchased near Sulphur Springs church. Mr. Crawford was widely known, having been engaged for the past sixteen years as a community treasurer. A family reunion was held at his home Sunday, Nov. 13, in honor of his 48th birthday, while not a member of any church, he took great interest in Primitive Baptist church. As his final words he expressed a desire to meet his friends in heaven. Many times on his way to the hospital he requested his funeral service to be conducted by Elder A. J. Conlee and F. M. Pope if possible and burial in Sulphur Springs cemetery. Funeral service was conducted from Sulphur Springs church Saturday at 2 p. m. in charge of Elder A. J. Conlee of White Hall and F. M. Pope of Vandalia, Ill. Following were the pall bearers: E. T. Sample, E. O. Sample, W. A. Masters, C. E. Davis, Chas. Duffer and John Spainflower. The many beautiful floral offerings were cared for by the Misses Carrie Conlee, Mary Hattie and Julia Buchanan, Janie Sullivan and Mrs. Ellen Nunes. Interment was made in Sulphur Springs cemetery.

DR. SPOON'S RETURNS.

MRS. LAMBERT AND DAUGHTER AT TUCSON

Miss May Lambert writes a friend that she and her mother arrived in Tucson, Arizona, in good shape and although they have been there but a short time are already much pleased with their surroundings.

IT WAS MR. BURR.

In the article on Scout county it was erroneously stated that Hon. J. M. Riggs was a candidate to congress against Prof. Turner of this city. It was Mr. Burr who made the successful race that year and Mr. Riggs later as stated.

Perry Entriken was up to the city from Murrayville yesterday.

"Man, Woman and Marriage"

World's Greatest Picture

YOU'LL SEE

Hordes of women, ride bare-legged, bare-armed, bare-chested, into the Mighty Battle of the Amazons, with a woman as their leader.

The pagan courts of Rome thronged with women, barbaric, beautiful, while a slave girl weeps among them. The Bacchanalian dancers in the orgy of life and splendor and feasting among the men and women of today.

You'll see Woman as the cave-man's mate; Woman as the Amazon ruling by Mother-Right; Woman fallen, to be sold in marriage as a medieval chattel; Woman holding fast to her faith even through the abandon of Caesar's courts; Woman struggling again for herself today, shackled by the very bond with which she once ruled.

You'll see Woman, gorgeous in nature's beauty, yet fierce in the fight of sex-antagonism.

Helen Wainwright is a young girl who has been given a conventional finishing-school education and is now expected, by her worldly-minded aunt, to make a rich marriage with Lee Morton, a hard young millionaire who believes, with Mrs. Wainwright, that money can buy anything he wants. He wants Helen. At first the girl is somewhat dazzled by his attentions, but soon realizes that she does not really love him, but her childhood pal, Donald Scott, now a poor young architect. Helen's fight to give her heart where she chooses rather than sell it in the marriage market makes a story of strong dramatic appeal.

HERBERT RAWLINSON, in "THE MILLIONAIRE"

Jack Norman's mother was once loved by Silas Gyde, multimillionaire, so Jack, going home after being fired from a book-keeper's job, reads of the rich man's death, learning that he, a twelve-dollar-a-week man, is the heir to the miser's eighty millions. A black hand gang killed Gyde because he refused to pay them tribute, and the gangsters send Jack the same demands and threats. Jack is doubly brave, because his girl thinks wealth will weaken him and refuses to marry him till he proves that it won't. Underground passages, secret apartments, tenements and fine hotels—all are woven into a chain of thrills.

She married a rich man, thinking to end her struggles. And she found she had married his rich family, who hated her.

Not until she gave up wealth and luxury did love and happiness come to her. But then—

There's excitement and joy in every scene of it.

A drama of the carefree life of New York's Greenwich Village. Of the mad, futile life of New York's millionaires.

Moral Fibre

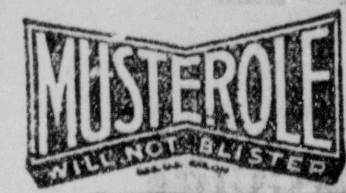

For five years Marion Weicott cherished the thought of revenge.

She had taken an oath in childhood and she felt duty bound to fulfill her promise. She prepared for the part with a large wardrobe and a finished education.

She had her prey in her web and was ready to spring upon it when the great truth dawned upon her and she was powerless.

The story is told in a stirring manner.

BROWNS

What Browns?
 Last week we offered a Suit or Overcoat, made up in our usual good style, at

\$36.00

A number took advantage of our offer, and we have just enough of this fine cloth left to make up a few more suits or overcoats. Hence, the price continued. Browns will be very popular this fall and winter for both Suits and Overcoats. We were fortunate in securing this material to sell at \$36.00, which is nearly \$30.00 under last season's price. The cloth is a genuine worsted, beautiful in shade, and guaranteed to hold its shape and stand weather and hard wear.

Workmanship and fit guaranteed satisfactory.

LAUGHING IN HIS SLEEVE
 "I was told nothing but an operation would help my stomach trouble, and was getting ready for the operation when a friend advised me to try Mayr's Wonderful remedy. The first dose helped me. I am now as well as ever in my life, and am laughing up my sleeve at the doctors." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Ones dose will convince or money refunded. For sale at all druggists.—Adv.

Heat by Radiators
 has been generally proven the most economical, healthiest, cleanest and safest of all. Each room is kept genial, uniformly warm; cold and drafts are ended. All the ashes, dirt, and dust are kept out of the living rooms. If we install it, it will last a life time—as long as the building itself—and will seldom require repairs or over-hauling.
 Radiator heating by steam, hot water or vapor is a safe, sound investment.

WATER RECEIPTS SHOW EXCELLENT INCREASE

Audit Report Presented at Council Session Monday Night—Additional Equipment Is Authorized—Various Complaints Are Filed.
 At the session of the city council Monday night a report of the audit of the accounts of the water department for a period of two years and five months showed how rapidly the receipts of the department are increasing. During the past few months the average increase has been \$1,000 a month.
 The council authorized the water committee to proceed with the purchase of a needed two-million gallon pump and also a turbine. A complaint with reference to smoke from the Capps factories was filed together with a complaint about the condition of certain alleys within the business district.
 The roll call by City Clerk Scott showed Mayor Crabtree, Aldermen McGinnis, Flynn, Loneragan, Ehlers, Chapin, Cain, Williamson, and Rowe present.
 The objection to the smoke from the Capps mill came in a letter signed by L. R. Craig, Ben Cohen, E. D. Canatney, J. P. Osborne, A. B. Ziegler, J. N. Peters, E. H. Doolin, J. E. Stout and Dr. Botkin.
 The letter was referred to the proper committee.
 Alderman Rowe, chairman of the finance committee, made an informal statement with reference to the budget for the coming year, which will be considered in connection with the appropriation ordinance.
 A statement was presented with reference to the collection of the wheel tax showing that there are very few car owners who have refused to pay and that the cases against them will be vigorously prosecuted.
 Alderman Ehlers of the sanitary committee, reported the satisfactory conversation with Mr. Cohen with reference to correcting the troubles at the plant at the Jacksonville Reduction company, where offensive odors have been cause of frequent complaint on the part of east side residents.
 Alderman Chapin for the water committee, explained the need of additional equipment at the water plant and a further statement was made by H. L. Caldwell, as engineer. The council authorized the purchase of a pump with a daily capacity of two million gallons and also the electric turbine which will be necessary for its operation.
 The old subject of uncleanly conditions in certain alleys in the business district, was again considered. Mr. Tendick, as head of the garbage department, was instructed to have these alleys cleaned once more and then to notify merchants that the alleys must be kept clean or that arrests will follow. City Attorney Bellatti explained the law and said that the ordinances fully cover such cases and that the council has full power to cause the arrest of persons who throw rubbish into the alleys.

Facts From Audit
 The report presented by R. A. Gates gave the figures for the audit of accounts of the water department for two years and five months ending September 30, 1921. The net receipts for the year ending April 30, 1920 were \$42,752.72. For the year following the net receipts were \$45,322.74. The net receipts for the

five months ending Sept. 30, were \$23,609.75. The most interesting figures for comparison were for the month of May, June, July, August and September for the three years 1919-20 and 21. The totals for the three different years were as follows:
 1919 \$17,412.22
 1920 17,578.74
 1921 22,846.87
 Mr. Gates said in his comments that he found the books neatly kept and very free from errors considering the fact that 1700 accounts are handled monthly and that there are many necessary details. Some suggestions were made as to the auditor's opinion of improvements which might well be made in the system followed, and he advocated what is known as the "Boston Ledger Plan."

**ILLINOIS MAY GET
GAME WITH MILLIKIN**

Coach Harmon Was in Decatur
Monday Conferring with Coach
Wann—Game to Be Played
Next Monday or Tuesday—Up
to Faculties of Two Schools

Illinois college may get to
play Millikin the annual game
after all. Coach Harmon made
a trip to Decatur Monday and
talked with Coach Wann of the
Decatur school.

Coach Wann had already written
a letter to Coach Harmon,
offering to arrange a game either
Monday or Tuesday of next week,
if the faculties of the two schools
are willing. Coach Harmon will
present the proposition to the
Illinois authorities this morning.
If the matter can be arranged,
he will communicate with Coach
Wann and he will present it to
the faculty at Millikin.

So it looks like Illinois and

Millikin will get together after
all. Harmon's men are still
"rarin' to go," and if the game
is arranged it will be good news
to Captain Cully and his war-
riors. It will also be good news
to the students and it is probable
the special train will even more
than if the game was played on
Saturday or Thanksgiving.

Illinois college will play
Shurtleff here Thanksgiving day
and Millikin will look up with
Lake Forest. If the game is
played on Monday or even on
Tuesday, it will not give either
team much chance to recuperate,
but it will be as fair for one team
as the other.

The Shurtleff team has played
some good football during the
season but is probably not as
strong as Illinois. While the Blue
and White look for a good game
they expect to win.

The game will be called at
2:30 o'clock with John Larson as
referee.

**JOSEPH McCARTY
IS FOUND DEAD**

Well Known Resident Died Some
Time Sunday — Was Found
Dead in Room

Joseph J. McCarty, a well-
known resident of the city was
found dead in his room over
Rapp's harness shop Sunday. He
had been under the care of a
physician for some months.

Dr. Bowe, who had attended
McCarty, testified before the cor-
oner's inquest, which was held
at the Gilham Funeral home,
that it was his opinion that death
resulted from uremic poisoning
as the deceased had been afflicted
with Bright's disease for some
time. The jury returned a verdict
in accordance with the evidence.

Decedent was the son of James
D. and Marian Palmer McCarty
and was born in Milwaukee, Wis.,
in 1860. Most of his life had been
spent in this city.

He is survived by two chil-
dren, Mrs. Rosie Parnell and Leo
McCarty, of Detroit, Mich. He
also leaves two brothers and two
sisters, William and A. J. Mc-
Carty of this city, Mrs. George
W. Gary, of Havana, Ill., and
Mrs. Sorrels, of St. Louis.

Mr. McCarty was a carpenter
by trade and was a member of
the Carpenters' union and of the
Loyal Order of Moose.

The remains were taken to the
Gilham Funeral home and pre-
pared for burial. Friends wish-
ing to view the remains may do
so at the home up until the time
for the service.

The funeral will be held from
the Church of Our Savior at 9
o'clock Wednesday morning, in
charge of the Rev. Father Cahill.
Burial will be in Calvary ceme-
tery.

**GOVERNMENT TO
BE BENEFITTED
BY TAX DECISION**
(Continued from page 1)

It is a benefit to each as if the old
company had acquired the stock
by purchase from strangers.

He (the stockhold-
er), received as his separate prop-
erty a part of the accumulated pro-
fits of the old company in which
previously he had only a potential
and contingent interest.

"It thus appears that in sub-
stance and fact, as well as in ap-
pearance, the dividend received
by claimant was a gain, a profit,
derived from his capital interest
in the old company, not in liquida-
tion of the capital but in distribu-
tion of accumulated profits of the
company.

"Hence it constituted individual
income within the meaning of the
income tax law.

"Estimates were that the gov-
ernment would obtain at least
thirty million dollars in taxes from
the litigants in the cases decid-
ed today and the indication of
many claims which have been
pending in the treasury depart-
ment awaiting the outcome,
would total many millions of dol-
lars in addition."

**TIFLIS BOWS UNDER
BOLSHEVIK REGIME**

Once Prosperous and Gay City Is
Now One of Gloom—Residents
Are Poorly Clad.

TIFLIS, Georgia.—(By a Staff
Correspondent of The Associated
Press).—Tiflis is a city dreary by
day, terrible by night. The last
city of importance to come under
the influence of the Bolsheviki
emblem of the hammer and the
sickle, replacing the double-head-
ed eagle of the empire, here are
contrasted the happy old days
of gaiety and prosperity with the
dull misery of the new regime.

At the railway station, on en-
tering the city, the difference is
seen and felt. Instead of swar-
gery guards in black boots,
black coat and flashing silver
belts and swords, are seen a few
ill-dressed Red soldiers, looking
hungry and uncomfortable in ill-
fitting clothes held together by a
loose belt. Barefooted dirty,
white faced, ragged boys clamor
for a chance to carry baggage.

Peasant women and bourgeois
women of the old time stagger
along under loads of baggage or
packages of food and fruit
brought from the country. Bro-
ken down hacks wait for
fares, pulled by thin, underfed
horses.

The streets are dirty and ill-
swept, full of holes.

People were clothes that seem
to belong to another era. Here
where a dozen tongues are spoken
and where 100 tribes used to
gather in the proud finery of their
national costumes, all is down at
the heels.

Women often go stockinged.
Their shoes show signs of patches
done over and over again until
they are composed of patches
only. Their skirts may be of old
pieces of silk and their jackets of
military cloth or even the black
leather of aviator coats. Shawls
have replaced hats.

The men civilians wear clothes
that are a parody on shabby
gentility. Their top boots are
all top, the soles and heels long
since worn away. All sorts of
military odds and ends, from all
the armies of Europe, contribute
to their dress, khaki puttees, yellow
leather jackets, British canvas
trousers, French blue caps,
United States army coats.

The stores are boarded up, for
the most part and when open
surely have a few bottles of
Italian perfumes and little else.
A pair of American shoes, of poor
quality, was seen in one window
marked 750,000 rubles, an in-
credible sum of money in a city
where a monthly salary of a So-
viet employee is 3,000 to 5,000
rubles.

Small trading is done on the
market place where starving fam-
ilies sell off finery and jewelry
which escaped the wrecks of their
homes. These homes, once so
comfortable and bountiful in hospi-
tality, are cold for lack of fuel,
dreary for lack of food, often
curtainless, with here and there
bullet marks on the outside walls.
The toilets and baths are useless,
because the city water supply is
cut off for lack of fuel.

The Red army of occupation
has orders from Moscow to be
"good" to Georgians and it is
"good," yet its commanders go
about with set, stern faces as if
the world was watching.

Cholera in summer, starvation
in winter, this is the lot of
Georgia.

Chicago, Nov. 21.—The National
conference of the Public Own-
ership League of American today

government ownership of the
country's railroads and reorgani-
zation of the coal mining industry
so that mine labor would be treated
"as an investment and would
share in the administration and
profits of the mines. The resolu-
tions declared that private man-
agement of the roads had brought
them to the verge of ruin."

Willis J. Spaulding, Springfield
Illinois, was elected president of
the organization.

St. Louis, Mo., Nov. 21.—
Bloodhounds were tonight put on
the trail of assassins who mur-
dered Francis Fee, 28, war veteran
whose body was found this morn-
ing near the home of his fiancée.
Robbery was the motive, police

was found in his clothing. A sum
of money is missing. Fee served
in the signal corps branch of the
army at Camp Funston during the
war. He has relatives in Denver.

MAKING PROBE OF
SHOOTING AFFAIR**

President of Miners Union
Is Shot Thru the
Jaw

(By The Associated Press)

WALSENBURG, Colo., Nov. 21.
—An investigation into the shooting
affair of a week ago Sunday at the
Oakdale Coal company mine at
Oakview was undertaken today
under direction of Colonel Patrick
Hamrock, adjutant general in
command of state troops and
rangers enforcing martial law as a
result of the strike of miners of
the Colorado Fuel & Iron com-
pany.

Dan PriPee, president of the
union local at the mine was shot
thru the jaw after an argument
on union affairs. Military officials
allege that the incident was
followed by the shooting up of a
house occupied by non-union min-
ers, the shots coming from the
hills which surround the camp on
three sides.

Colonel Hamrock said he ex-
pected, within a few days, to ar-
rest the persons responsible for
the shooting and prosecute them.
Several persons were taken to
ranger headquarters at the court
house for examination.

The Colorado Fuel & Iron
company announced today an im-
provement in the number of dig-
gers working in the mines today
also coal production was still far
from normal. On the other hand
Robert Foster, international or-
ganizer for the miners declared
that the situation was progressing
satisfactorily for the striking
miners.

Proclamations are to be posted
tomorrow calling for all residents
of the county to surrender their
arms. If they are not turned into
precinct polling places within two
days, a search will be conducted
of all houses in which it is be-
lieved arms are concealed. The
company today posted notices
closing down its mines indefinitely
in districts where sympathetic
strikes have been in effect, com-
pany officials announced. They
said the notices were in keeping
with general rules of all mines
where employees fail to work for
three days in succession without
good and sufficient reason.

GOING TO CALIFORNIA

The intended departure of Mr. and Mrs. Joshua Vasconcellos for California tomorrow was recently announced in the Journal. With them are expecting to go Miss Susie DeFrates of this city, Mr. and Mrs. John Fortado and Mrs. Fortado's father of Springfield. Some friends were urging Mr. Vasconcellos and wife to stop over at Williams Colorado, and visit the Grand Canyon, but others of the party have seen the wonder and don't want to stop, so Mr. and Mrs. Vasconcellos are doubtful.

The Block Signals Are Working—

In some respects, human experience is like railroading.

Every moment of the business and social day the block signals are giving right of way to keenness and alertness—while the slow and the heavy must wait on the sidetrack for their chance to move forward.

The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Grape-Nuts has a rich, delightful flavor, is ready to serve on the instant—and is distinctly the food for mental and physical alertness and speed. At all grocers.

ROUGH NECK DAY PASSES QUIETLY

Students Wear Many Unique Costumes—Several Sent Home for Alleged Rough Work.

Once again the annual "Rough Neck" day has aroused the ire of the High school faculty. Yesterday a large number of the students came dressed in outlandish fashion in honor of the historic event, and were met with cold disfavor on the part of the faculty.

Following the usual hilarious custom, the bolder spirits proceeded to attempt to remove the ties from all male persons who dared to come with a tie on. Principal Shafer broke up these merry gatherings by promptly suspending four of the boys who were removing a tie from a victim.

They were suspended with the understanding that they could get back in school if they present a note from their parents saying that they were suspended because of their roughness. Such a note would be accepted just as an excuse in case of ordinary absence.

In speaking about the matter, Principal Shafer made the following remarks:

"Rough Neck" Day passed off quietly, in comparison of the events of other years. Very few students came to school in unusual dress, and no definite celebration was planned. There was a lack of organization for the day on the part of the students, and much sentiment against it. When a few students attempted organized celebration, and began taking off neckties, the demonstration was promptly broken up, and four of the students were suspended from school.

"Such actions on the part of students," said Principal B. F. Shafer this afternoon, "is absolutely unnecessary. There are plenty of outlets for enthusiasm and school spirit without rough stuff and interference with school work. It has been the custom after every football game to hold a pep meeting during school hours. There are the various associations and athletic activities to furnish vents for school spirit and loyalty. We have tried, even setting aside time from the school periods, to give the students opportunity to manifest their enthusiasm.

"There are plenty of parents in Jacksonville who would be glad to see the disappearance of Rough Neck Day, so that their children could come here without fear of being molested and having their clothing torn. The day is a survival of olden times and is out of place in the modern school system. If the citizens of Jacksonville want to stand for a Rough Neck Day, they should make it a holiday. No work can be done in the school room at such a time. Students who come to school in conspicuous clothing detract from the attention in the class room, and others are worried because they fear molestation."

HOWITZER COMPANY HAD REGULAR DRILL

Last night was the regular drill night for the Howitzer company. The drill was close order drill this time, as many of the new recruits have not had any drill at all. The company is open to enlistment at any time and any one wishing to enlist can do so by communicating with Captain James.

Franklin Upp of this city was enlisted last night.

The Great Day is Here

Today is Jacksonville's Dollar Day. The day that the Chamber of Commerce Trade Extension Committee has worked many long hours to bring to a successful conclusion. A real feast of bargains await the purchaser, extra salespeople have been hired, the regular clerks were kept late last night receiving the final instructions in the systems arranged to handle the expected crowds today. Many merchants will be in their stores by sunrise putting the final touches to the arrangements of their stocks, to be ready for the early shoppers when the doors of business are opened this morning.

People accustomed to caring for children will be on hand at the Chamber of Commerce rooms in order that mothers may leave their little ones there and be free to shop unhampered. A rest room is there also for the ladies and a room has been provided in which packages can be left for safe keeping. All are cordially invited to take advantage of these privileges.

Business and professional people have been respectfully requested to not park their cars in the business district in order that sufficient room will be provided to take care of the out of town cars.

A great many people were up town last night window shopping. In fact, window shopping has been the rule for the past several days. Many bargains have greeted the eyes of the spectators and many remarks were heard wondering at the increased value of the dollar's purchasing power.

IMPERIAL PRINCE MAY VISIT HERE

Members of the Hiderim Temple D. O. O. K. will be visited by the Imperial Prince, Gus Meese of Spokane, Washington if their plans work out properly. The Imperial Prince is due in Springfield Dec. 8, but so far as is known has no visit set for the 8th. L. O. Vaughn of the finance committee has been appointed to correspond with the Imperial Prince. The local Dokays have received copies of the official proceedings at the national convention, which contain photographs of Hiderim's Brigades, which took third prize among the drill teams.

COLLEGE NOTES

A large number of the alumni and former students who are teaching high schools attended the annual High school conference at the University last week. Several of these teachers and others are doing graduate work in the University happened to get together just before the dinner hour Friday evening. An impromptu banquet at the Southern tea room was quickly arranged, much to the satisfaction of everybody in the group. The suggestion that a similar meeting be held annually met with an enthusiastic response. Those who attended this initial banquet: Mattie Reisher, Hazel McCormick, Opal Marshall, Grace Marshall, Elizabeth Morgan, Helen Taylor, Henry Smith, Supt. G. B. Potter, Doris Shuman, George Garrison, Henry Itner, Ruth Irving, Clarence Spaulding, Elzora Ennis, Franklin Scott, Bennie Campbell and Dean Scott.

MANCHESTER

Rev. W. S. Crouch, well-known and beloved minister of this community, suffered a stroke of paralysis yesterday and is in a very serious condition. He is eighty-five years old, which makes his recovery doubtful.

Dr. G. N. Lucas, who has been for some time engaged at the Jacksonville State hospital as a physician, has returned to Manchester, to resume his old practice. Dr. Lucas says that he likes Manchester better than Jacksonville.

Rev. D. C. Linton, who has been conducting evangelistic services throughout this part of the state, has arrived in Manchester to conduct services here for two weeks at the M. E. church.

Mrs. J. N. Alread and Mrs. J. E. Osborne of Roadhouse were visiting in Manchester yesterday. G. D. Barnes went to Winchester yesterday to attend the installation of B. E. McKers as county commissioner.

The ladies of the Christian church are planning to give a dinner at the church on Thanksgiving day, and to also have a bazaar. In the evening an oyster supper will be served. They are making many preparations for this event and it promises to be one of the biggest things that they have ever done.

GRACE SUNDAY SCHOOL ATTENDANCE REACHES 500

The goal of five hundred in Grace Sunday school as announced to be undertaken seemed a Herculean task. With the splendid cooperation of the faithful officers and teachers of the school all set out to do their part in reaching the goal. The way the children, young people and adults streamed into the various departments Sunday morning was evidence that a great many people had been thinking and talking Sunday school attendance. The main school room was crowded to overflowing, people were standing in the rear of the room and entrances. There were even ninety in the student class. In the men's class over fifty were in attendance, and in each of the Women's adult classes there were over fifty. The final tabulation of attendance reports gave out that there were 516 in attendance and the offering amounted to \$26.02. Miss Catherine Parker sang a solo to the delight of the school. Dr. H. C. Woltman made a very instructive talk on the "Cancer." The singing and music were inspiring. At 10:45 the pastor preached a searching sermon on the theme, "The Vineyard of the Slothful." Intermediate League met at 2:30 with Miss Agnes Davis as leader.

Over one hundred young people attended the Epworth League service, being led by Rev. W. I. Weber. This was the closing service in the "Win My Chum" series of services.

At 7:30 the pastor spoke upon the "Wesleyan Revival," in a strong and impressive manner. He showed the great epoch in history that John Wesley and his revival marked, how it affected England and America. Splendid crowds were in attendance at all services.

The monthly meeting of the teachers and officers of the Sunday school was held Monday evening, luncheon was served at six o'clock. Rev. Mr. Howells made a splendid address.

The Queen Esthers met at the home of Miss Eunice Hopper, 641 South Diamond street, Monday evening at 7:30.

Prayer service Wednesday evening at 7:30. The interest is on the increase at these services.

The Epworth League will have a social on Tuesday evening in the parlors.

HOME-MAKERS' CIRCLE FURNISHES ROOM

The Home-makers' circle of Franklin, have joined the list of donors to the Tuberculosis sanatorium. One hundred dollars was pledged at their last week's meeting to furnish a room in the county sanatorium. A finance committee including Mrs. New Woods, Mrs. James Sinclair and Mrs. S. J. Camm, will make a report on ways and means at the next meeting of the circle. It is probable that the members will earn the money in various ways. The pledge was sent from Mrs. Charles Gibson, president, to Mrs. W. T. Scott, F. Gen. of the county federation of woman's clubs.

Mrs. J. W. Reif, who has been a patient at Our Savior's hospital has left the hospital and has returned to the home of Mr. and Mrs. on South Diamond street.

Dr. J. R. Harker has returned from attending the National Methodist Conference in Detroit, Mich., and a week's tour of North Dakota. Dr. Harker was one of the commissioners of the investigation of higher educational conditions in that state. He visited the state University at Fargo, N. D., the Wesley College at Grand Forks, and Hamline University at St. Paul, Minn. The Commission will report no immediate need of another college in the northwest and advises against starting any, at least without a million dollar fund as a nucleus. He made a visit with his daughter, Mrs. Mark Hunt of Quincy, whom he found improving after her recent severe illness.

EX-SENATOR SHERMAN MADE FINE ADDRESS

Law Enforcement Proved Broad Subject for Illinoisan Long in Public Life.

A fine audience greeted Senator Sherman at the Congregational church Sunday night and all were well repaid by the superior address which was expected. The senator has lost none of his vigor and fire though his hair is grey and he may be counted a veteran.

Two solos by Mrs. Gregory with Mrs. Stickney at the organ pleased everyone and then all were ready for the fine address which followed.

He then said in part. "We must distinguish between law for the unit and for a territory. There are two kinds of law enforcement; force and moral suasion. The first is where an absolute monarch reigns and the other is where the laws are framed by representatives of the people. In such a land you may travel all day and no knowingly meet an officer of the law because people cheerfully obey them.

"Now the Apostle Paul was a great man; he was a Hebrew of the Hebrews, he tells us, a cultured man of mighty intellect and great force of character. He had an esteemed young friend, Timothy, to whom he wrote two letters. He told Timothy when he came to bring with him the cloak he left at Troas with Carpus and the books but especially the parchments. You see he wanted to have the valuable documents with him. Then he said:

"Alexander the copper-smith did me much evil; the Lord reward him according to his works."

There is a truth we cannot escape. "Rewarded according to our works. We are too apt to think in groups and shirk personal responsibility. The chaotic condition following the world war has caused many to shirk responsibility but we must remember we are in the hands of Higher Power who does all things right and will reward us according to our works.

"Today there is in Washington a conference of supreme importance; to investigate causes of war and lessening of the evil. A nation needs an army and navy either for aggression or defense. War of defense is right then can we arrive at the causes of war? Each nation must be honest. If there are no aggressors there will be no wars. The nations must deal righteously or there will be no good results. In 1907 nearly all of 23 nations agreed at the Hague conference to submit disputes to arbitration and yet nearly all have broken their word. When the United States signs a treaty I want her to keep it. Germany promised that Belgium should not be violated and later called the agreement a scrap of paper and where is Germany today? She violated the rules of civilized warfare, sinking unarmed vessels; bombarding defenseless cities; shelling hospitals and did all manner of unlawful wickedness yet when the vote on war was proposed I was actuated, not by the welfare of European nations but by interest in the very existence of our own when I voted in the senate for war.

Paul bade Timothy preach the word; in season and out of season reprove, rebuke, exhort with all long suffering and doctrine. Never was there such a time to rebuke as now. I speak in terms of centuries and generations. If we persist in evil ways we shall surely be rewarded according to our works. Paul told Timothy that perilous times would come; there would be men with itching ears ready to do evil and they are here, seeking office and trying to rob the people. There are lots of these in Washington and possibly some in Springfield.

In our land we have too many lynchings; too little respect for the authority of law. When we reproved Japan for her treatment of Korea she pointed to our numerous lynchings. These outrages are taken too quietly and with too little effect on public sentiment. I have been in politics many years and have been elected a good many times and have always spoken my mind.

"The 18th amendment was adopted by the legislatures of a majority of the states and is the law and should and must be respected. We don't hear of any opposition to the other amendments; why against this? Jacksonville is better; Springfield is better since they went dry; the nation is better since the amendment was adopted. It is our duty to hand over to the coming generation a clean land; law respecting and obeying. Thank God the United States has led the way to truth and righteousness."

Next Sunday night next week, S. J. Duncan Clark of Chicago, eminently qualified, will speak the Washington conference and disarmament.

CLUBS AND SOCIETY

The Intermediate Endeavor of Central Christian church had an old fashioned "Hard Times" party last night at the church. A fine crowd of the young people were present and enjoyed games and contests. Fine refreshments were served.

Paul Bolman was the leader for the evening, and Rev. Pontifex was present for a short time. During the evening a number of important business matters were discussed.

Mrs. A. R. Taylor Give Bridge Party

Mrs. A. R. Taylor gave a delightful afternoon bridge Monday at her home, 315 Kosciuszko street. Only a limited number of guests were asked, making up three tables of players. After the cards, the hostess served delicious refreshments.

Ray Maul Given Surprise

Ray Maul, of near Litterberry, was pleasantly surprised recently, when a number of his friends and neighbors came in and spent the evening in honor of his birthday. About ten guests were present and enjoyed a pleasant social time.

Mr. and Mrs. Thompson Entertain at Dinner

Mr. and Mrs. Maurice Thompson entertained a company of friends at dinner Sunday at their home near Prentice. Those present were: Mr. and Mrs. Wallace Carter, Mr. and Mrs. Bert Bishop of Jacksonville, Mr. and Mrs. Frank McCurley and children of Strawn's Crossing, Miss Grace Williams and George Flynn of Prentice.

Standard Bearers of Centenary Had Supper

The Standard Bearer of Centenary church gave a supper for fifteen of the younger girls of the Sunday school last evening at the church. The new president, Mrs. Ruth Hudson presided over the affair and the program afterwards. Miss Olive Engel read the second chapter of the book "A Noble Army." Miss Mabel Biggs gave a reading and Miss Harriet Six had charge of the music. These two members were the committee on this meeting.

Gave Wedding Anniversary Supper

A wedding anniversary supper was given at 7 o'clock Sunday evening at the home of Mr. and Mrs. Ralph R. Hutchinson, at their home 343 South Diamond street. A delicious menu was served in the flower decorated dining room. Yellow chrysanthemums were used most effectively. The guest list included Mr. and Mrs. George Vasconcelles, Mr. and Mrs. Paul Breckon, Mr. and Mrs. Fred Hopper and Mr. and Mrs. Ray Hartman.

Helen Rawling Chapter Met With Mrs. Hauck

Mrs. L. B. Hauck entertained the members of the Helen Rawlings chapter of the First Baptist church at her home on West North street Monday evening to fix a Christmas box for the children of the Huldston Orphanage. The women made gay scrapbooks and brought toys and little dolls for the box. Light refreshments were served after several hours of work.

Miss Deutch Hostess at Bridge Party

Another of the charming small bridges was given this afternoon by Miss Theresa Deutch, at her residence, 311 North Church street. A dainty luncheon was served following the hours of playing. A dozen guests had been invited.

Queen Esther of Grace Church Met

The hostess for the meeting last evening of the Queen Esther missionary society of Grace M. E. church, was Miss Eunice Hopper at her home, 641 South Diamond street. Miss Mary Shoemaker led the devotional services which opened the meeting. Miss Ada Riemann had the study-book chapter. A group of songs was given by Miss Norma Abrams and Miss Dorothy Cannon played a piano solo. After this interesting program came a social time and delicious refreshments. The attendance last evening was very good.

Mrs. D. B. Gaskins Hostess To Embroidery Club

The Embroidery club met at the home of Mrs. D. B. Gaskins Monday evening, at 522 South Main street. Eight of the members spent a delightful evening of sewing and conversation which ended with attractive refreshments. This club meets every fortnight at the home of one of the members and is purely for sewing and social times.

FINDS OLD BOOKLET.

In looking thru some old papers yesterday Dr. H. L. Griswold found an old booklet published in 1894, advertising Morgan and Wright bicycle tires. About that period the bicycle craze was at its height and everybody was riding a wheel. The book is illustrated thruout, each one being some humorous allusion to some part of a bicycle. It is like a ghost of the past and one looking at it realizes how far the art of illustrating has advanced since then.

Mrs. W. H. Hinrichsen and granddaughter, Louise and J. W. Reif and daughter Mary and son, John, all of Alexander attended the show "Way Down East" Monday after noon at the Opera House.

ELKS HAD BIG SHOOT MONDAY NIGHT

The Elks had their big shoot last night, and a large crowd of members attended. Many of them won chickens, geese, ducks or turkeys and could be seen tramping homewards at a late hour carrying a fowl of some kind.

The shoot lasted until well after midnight and was greatly enjoyed by the Elks. A shooting gallery was fixed up on the second floor of the club and some pretty fair marksmanship was produced. The occasion was so successful that they hope to make it an annual affair.

WITH THE SICK

J. E. Stice was taken suddenly ill Sunday afternoon and his condition yesterday was a matter of concern to relatives and friends.

Miss Isabel Woodman is a patient at Passavant hospital and today will undergo an operation for appendicitis.

HAVANA, CUBA, VISITORS LEAVE

Mr. and Mrs. Harry Hutchinson have completed a pleasant visit with their mother, Mrs. B. D. Hutchinson, at 219 West College avenue. They left yesterday morn for New Orleans, La., and from there to their home in Havana, Cuba. Mr. Hutchinson is engaged in selling American horses to the Cubans.

DEATHS

Craig.

Word has been received by Mrs. Edmund Blackburn, of the death of her brother-in-law, Mr. Thomas Posey Craig, of Seattle, Wash. Mr. Craig was a former resident of this county. He was a Civil war veteran, being a member of Co. C, 145th Infantry under Captain Bibb. Members of his company now living in Jacksonville are Messrs. Era Scott, J. T. Osborne, W. B. McCormick, Henry Stevenson and John B. Ogle. He was a brother of James Craig of Woodson and a brother-in-law of W. H. Jordan of this city.

Mallicoat.

Miss Laura Mallicoat of Virginia, died at a local hospital at 7:30 Sunday evening. She was born in Cass county, Nov. 5, 1866, being 55 years and fifteen days old at the time of death.

Three sisters and two brothers survive, Mrs. James Ator, Mrs. Wallace Jacobs, Mrs. Maggie Kin-widdie, Virginia, John and William Mallicoat, Arenzville.

The remains were removed to Williamson's undertaking parlors and prepared for burial and were then taken to Virginia. Funeral services will be held from the home of Mrs. Jacobs, in Virginia at 2 o'clock this afternoon with burial in Walnut Ridge cemetery.

URANIA LODGE PLANS INITIATION

Urania Lodge, No. 243, I. O. O. F., had an interesting session Monday evening at which time the third degree was conferred. The initiation degree will be conferred upon a class on Monday, Nov. 28th.

A committee consisting of Charles H. Goodey, F. W. Crabtree, and Ruley York was appointed to serve refreshments at the meeting on Nov. 28th. The Lodge has just received a new set of oyster bowls, so the committee has decided to initiate the bowls by serving an oyster supper that night to all members and visiting brothers.

The following men have been named by the committee to help decorate the hall and serve the supper: James A. Guyette, Edward Hoffman, Volley Hoffman, Frank Hynes, Verne Wilson, John Prewitz, John Roe and W. H. DeShara.

JOHN M. HEGARTY DIES AT YOUNGSTOWN

Former Resident Found Dead in Room—Funeral Services Will Be Held Here.

Word has been received by relatives of the death of John M. Hegarty, of Youngstown, Ohio, former resident of this city. Hegarty's body was found near his rooming house but there were no signs of violence to show that he had been killed. After the examination, it was believed that death was due to hemorrhage of the brain.

The remains will arrive here today, and will be taken to the residence of his mother, Mrs. Ann Hegarty at 235 Howe street. The funeral services will be held at the Church of Our Savior Wednesday morning.

The deceased was born in Jacksonville in 1896, and was educated in the parochial schools of the city. Two years ago he went to Youngstown, Ohio, where he was employed by the Youngstown Packing company.

He leaves his mother, Mrs. Anna Hegarty; two sisters, Mrs. Charles Devlin and Mrs. John Lair and one brother Leo Hegarty all of this city.

BUDGET CAMPAIGN IS MOVING SLOWLY

Total Is Now Nearly \$8,000—Solicitors Will Keep on With Work

The United Budget campaign is still grinding slowly. Seventy-nine subscriptions were received Monday, totalling \$486.05. The grand total has now reached the sum of \$7,916.21, with 1,877 subscribers to date.

Returns for yesterday indicated the following:

Business district	\$182.00
First ward	no report
Second ward	28.05
Third ward	9.00
Fourth ward	257.00
South Jacksonville	no report
South district	no report

There is still the sum of \$4,583.79 to raise to meet the required sum of \$12,500.00. The executive committee has decided to keep on with the campaign for several days more. The subscriptions are being re-checked and the committees will re-canvass the several districts as a number of persons were missed in the first round of the solicitors. It was also found that some had not subscribed, who had been solicited.

It is the earnest request of the committee that if any one has not been solicited and reads this article, that they come to the headquarters and make their pledge, thus saving the time of the solicitor.

RURAL LETTER CARRIERS MEET

Four County Organizations Will Meet in Roodhouse Thanksgiving Day

Roodhouse, Ill., Nov. 21.—The Rural Letter-Carriers' association of Greene, Morgan, Scott and Cass counties will convene in their annual session in Roodhouse Thanksgiving day. The local members of the association have attended to all arrangements for the meeting and a splendid time is anticipated. At the business session, matters pertaining to the service in which the men are employed, will be discussed. Among the most important of these subjects is that of good roads in order to give good service the rural carriers must have passable highways and the rural mail service has been a big factor in bringing better road conditions.

At 6 o'clock in the evening, a banquet will be served in the basement of the M. E. church, by the ladies of that church.

District Meeting I. O. O. F.
Another district meeting of Greene county Odd Fellows will be held in Roodhouse, Tuesday evening, Nov. 22. It will be a social affair, with work included. The lodge of Greenfield, Carrollton, White Hall, Athensville and Roodhouse, comprise this seventy-sixth district.

TELLS OF PARADE ON ARMISTICE DAY

TUCSON, Ariz., Nov. 12.—The Armistice day parade here was the greatest thing I ever saw in my life. It is beyond description, even if I were gifted in painting word pictures. It was the longest parade that could be gotten up outside of a really great city.

Mr. Rova was twelve years in Chicago, and he said he never saw its equal. There were soldiers and soldiers, infantry and cavalry, cars and cars, and more cars, loaded with disabled veterans of the World war.

Veterans of the Civil war, colored soldiers, Indian soldiers, overseas boys, with every kind of decoration, and officers loaded down with medals, sailors, boy scouts, and with flags of all sizes, and several bands of music, made up the parade, which "Uncle Sam," himself, dressed in the very clothes he is pictured in everywhere, lead.

The university had some wonderful floats. Every institution of learning, in or near the city, was represented by a gorgeous float of some kind, not the least of these being the representation from the Indian school. Even the Chinese had two fine floats.

There was a real tank, and what a racket it did make. There was a freight car, just like the boys rode in, in France. There was a girl frying doughnuts on one float, with the doughboys there, waiting for them.

One float had a sheaf of corn, and a forge, containing a fire, and near the forge, a plowshare. One side of the float in big red letters, were the words, "Let's Disarm." One photographer contributed a life-size portrait of Pershing.

We were backed against the curb as close as autos could be crowded, and every side street was jammed full. We sat there for about three hours. We were expecting the end of the parade at any moment, after waiting a while, and yet it stretched its length out and still was coming, coming, blocks away. At last, it doubled and counter-marched, back the way it came.

If they got any pictures of the best features of it, I will try and get some to send to you.

The halted the troops while the bells tolled, and the people bowed their heads and prayed for world peace. It was a spectacle never to be forgotten by those who were privileged to see it.

One float was a green field, with white crosses in rows, and poppies on the graves. On the side of the float in red letters, were the words, "In Flanders' Fields."

I will have to stop telling about it and retire, as I want

NEW IMMIGRATION BILL FOR PHILIPPINES
Manila, P. I.—(By A. P.)—An immigration bill which imposes a condition that each male immigrant into the Philippine Islands shall be accompanied by at least one woman between the ages of 18 and 35, is being prepared by Senator Pedro Guevara of Manila, for introduction in the legislature which meets the middle of October.

The purpose of the bill, according to the author, "is to increase the population of the Philippine Islands by at least 50,000,000 as rapidly as possible, in order to make the islands withstand both physically and intellectually, the race for human supremacy."

The bill would require an immigrant to become a citizen of the Philippines after having been a resident here four years.

to go to Sunday school and church tomorrow.

There were said to be 3,000 people in the parade.

WOULD EXTEND MANHATTAN ISLAND

NEW YORK.—(By the A. P.)—New Yorkers who often pretend to be indifferent to the city's wonders have had their imagination stirred by the daring plan, recently announced, to extend Manhattan island six miles down the bay by building large sea walls from both sides of the Battery and filling in the intervening space with earth.

A company has been incorporated to carry out the project and T. Kenard Thompson, a prominent engineer of the city, has prepared the detailed plans. The Broadway association, composed of merchants along the famous thoroughfare, has endorsed the idea.

If the plan is ever carried out, its proponents say that six square miles would be tacked on the most valuable piece of land on earth; that twelve miles of needed docks would be added to the port's facilities; that transit would be greatly improved and that the tax on all real estate might be reduced one per cent.

The plan has already been outlined to the war department, Mr. Thompson says, and no objections have been raised, since the proposed built-up extension would still leave on either side of the island the same clearance for navigation that now exists on the Hudson and East river sides.

The work could be completed in five years, in Mr. Thompson's belief. "It is a well-known fact," he said, "that the business center of Manhattan is rapidly moving away from City hall and if it is not prevented the lower end of the island will again become a residential district, with the result of tremendous decrease in values."

The only way to remedy this, he added, was to make City hall the geographical center by extending Broadway some six miles down the bay.

To Keep Your Blood Pure and Wholesome

Is the Person With Rich, Red, Normal Blood—The Person
of Health and Energy—That Meets With Business
and Social Success.

A Lowered Vitality Is Usually Due to Waste Products
In the Blood.

When your blood is impoverished and loaded with waste products, you don't get the full strength out of your food, and as a consequence, you become weak, nervous, and easily upset.

Waste products get into the blood mainly through the intestines, but there are other sources—for instance, the glands. Some glands secrete digestive juices, while others excrete waste products. If they fail to properly function, waste products accumulate.

As a result, nature strives to cast off the poisons. It may be through the skin in the form of some skin disorder, but it is not infrequent for it to settle in the muscles and joints and cause rheumatism.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear

their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift, Specific Co., D-718 S. S. S. Lab., Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his booklet, "Facts About the Blood"—free. S. ILLINOIS BREAKS ALL ROAD BUILDING RECORDS

Three Hundred and Ninety Miles
Completed at Average Cost of
\$27,815 Per Mile—Many Other
Contracts Have Been Let.

SPRINGFIELD, Ill.—(By A. P.)—All state and national records in road building were broken by Illinois this year, according to an official highway report public.

The report shows 390 miles of road paving completed at an average cost of \$28,540 per mile, and 631 additional miles under contract at figures which will make that mileage cost, according to officials, about \$27,815 a mile. Coupled with the report, which was submitted by Frank T. Sheels, superintendent of highways, and Clifford Older, chief engineer, to the state highway advisory board, came the announcement from Gov. Small that his 1922 program for the construction of 1,000 miles of new pavement, 326 miles of heavy grading and 209 bridges.

Gov. Small is credited by the highway division with smashing

prices as well as records for work accomplished. The report states that while road building in Illinois was costing \$30,120 a mile when Small became governor last January, he brought the price for the first 390 miles built during his administration, down to \$28,540 per mile by rejecting all bids over \$30,000.

Not only did Illinois build more roads than any other state this year, but it built them at a lower average cost, the report adds. In its exhaustive survey of highway work during the year the report says:

"A summary of road lettings shows the Division let between January 1 and November 15 a total of 62,944 miles of pavement, at a cost of \$1,726,554.24, making an average of \$27,815 per mile, including cement; 259.47 miles of grading, costing \$1,781,407.12 and 158 separate bridges, costing \$1,414,185.19;—a grand total of \$1,722,146.55.

"The letting on November 15 of 102 miles of pavement, at an average cost per mile of \$26,253.21, broke all records and brought the total of pavement let since January 1 up to 631 miles.

"This year we have completed to date 390 miles of pavement. Last year there was constructed 340.8 miles. We will complete at least 400 miles before the season ends, breaking last year's record by approximately 60 miles.

"The average cost per mile for concrete pavement on February 18 was \$39,120. On October 4 this had been reduced to \$28,540. Excavation prices have been reduced from 56c per cubic yard on February 18 to 26c; Class A concrete from \$28.29 per cubic yard, on February 18, to \$18.83.

"During 1921 there were 95 different paving contractors operating in the state and a total of 102 paving mixers at work; 49 bridge contractors and 39 grading contractors were also at work. These contractors were working on a total of 233 independent paving, grading and bridge sections. Three million cubic yards of earth were moved and approximately 45 separate bridges completed. There were employed about 7,500 men and 1,500 teams on paving, grading and bridge contracts.

"The total amount paid out since the Division was organized on State Aid and State Bond Issue roads is \$32,981,461.99. Of this amount, \$30,000,000 was expended on the Bond Issue system, the remainder being on scattered State Aid sections. The amount received from the Federal government to date totals \$9,182,506.99.

"The net balance in the road fund November 5 was \$499,051.47 and other operations not payable from the proceeds of the state bonds it became necessary to negotiate the sale of \$5,000,000 worth of 4 per cent state bonds. These were sold October 25. The bonds brought the remarkably high price of \$94.02 which represents an interest rate of approximately 4.82 1/2 per cent. Finance authorities say this is the cheapest money bought since 1917.

"An interesting fact in connection with the Division's activities is that the total amount spent for general administration, engineering and supervision totals only 4.35 per cent. This is a remarkable record in state administration as the overhead cost of construction work carried on by municipalities under the Special Assessment Act probably runs from 6 to 10 per cent. The record of 4.35 per cent is probably lower than that of any similar organization in the United States."

WANTED LOBSTER

BEFORE HANGING
Caen, France.—By The A. P.—Men condemned to death. It has become a custom in France, may cut or drink what they like for their last meal. Most of them ask for rum and a cigarette.

The prosecutor of the republic was amazed when a few days ago a condemned assassin refused them and in response to a request as to what he desired, said: "I should like to have a 'ramard a l'Americaine.' The 'American lobster' or the 'lobster done in the American fashion' as it appears on the menus of the best establishments, requires a deep water stomach in order to digest it.

"Can't I get you something instead," asked one of the guards, "a sardine or some other kind of fish."

"American lobster or nothing!" demanded the man about to die. "I have always adored American lobster, but I have never been able to eat it without suffering from indigestion for hours afterward."

FARM BUREAU NOTES

Howard Leonard, president of the I. A. A., writes that it will be impossible for him to attend the annual meeting and luncheon of the Morgan County Farm Bureau. Prof. W. F. Nandachin, of the College of Agriculture, is the other head-liner invited. We feel reasonably certain that he will accept.

Producers of Limestone Cut Price
Some of our largest producers of limestone have learned that the war is over and have cut prices of limestone close to a dollar per ton at the quarry. With the lowering of freight rates it is now possible at the most points to deliver limestone for \$1.70 per ton, plus the war tax. Rates of this sort are quoted by the companies only for 30 days to see whether farmers will purchase when the rate is reduced.

Farmers' Institute Co-operating in Junior Show
Pres. C. R. Gibson and Secretary E. R. Hembrough, of the Morgan County Farmers' Institute, are co-operating with the Farm Bureau in arranging for the junior corn show in connection with the Morgan County Poultry Show. Both the adviser and associate adviser expect to visit as many rural schools as possible before the show and explain it to both teachers and pupils. This junior promises to be an interesting event.

Farm Bureau Must Make Annual Report
Dr. George N. Coffey has called upon the farm bureau for the annual report of December 1. This report asks in detail for the activities of the bureau. In fact, weekly reports are requested by the state leader. These are required in order to get the Smith-Lever and State funds available for this work. At present, the Farm Bureau receives annually \$900 from Smith-Lever funds and \$1,200 from the appropriation by the state legislature.

Report of Soils Committee
Prof. F. C. Bauer, C. A. Hughes, E. M. Phillips, and L. A. Madden, the last three being farm advisers in Menard, Greene and Sangamon counties, respectively, made the following report as a soils committee at the Springfield conference.

1. A country-wide limestone legume campaign with special emphasis on the growing of sweet clover, discouraging its use, however, unless soil has been suitably prepared for same, by the use of limestone, or is endowed by nature for its successful growth without the application of limestone.

2. Encouragement of the use of rock phosphate where conditions favor success with this fertilizer.

3. The establishment of a number of sweet clover and clover mixture demonstrations throughout the county with check strips left where limestone has not been applied.

4. A campaign of education, encouraging the adoption of the principles of the Illinois system of permanent soil fertility by the use of

(a) Lectures, charts and lantern slides.
(b) Field study of the soils of the county by using a soil auger and the soil survey map.

(c) Soil Fertility Balance study for individual farms.
(d) Soil acidity field studies.

(e) County soil and legume tours.
(f) Field days at the Illinois soil experiment fields.

(g) Exhibits at county fairs and special meetings.

5. We further recommend that the advisers endorse the work of the Illinois Agricultural association in getting rates on limestone reduced and in locating quarries throughout the state and that they back up the association by securing as many limestone orders as possible.

Committee on Horticulture
At the same time the committee on horticulture, composed of Prof. W. S. Brock, Farm Adviser Allison, of Calhoun, and Assistant Advisers Chabill and Barrett of Sangamon and Pike counties, reported as follows:

1. Some trees and small fruits should be grown on every farm.

2. That the farm orchards should not exceed thirty trees in number, two-thirds of which should be winter varieties.

3. That mature orchards of more than thirty trees should be

properly cared for or reduced to a size which can properly be cared for or reduced to a size which can be properly cared for in a few hours.

4. We recommend the spray ring as a means of getting farm orchards sprayed in those counties where there are no commercial orchard interests.

5. We recommend to the advisers in commercial orchard districts the "Better Spraying Campaign," prepared by department of horticulture, co-operating with the advisers' horticultural committee.

6. We feel that small fruits, including grapes, can be recommended as a commercial proposition near good markets.

7. We recommend
(a) The use of limestone and legumes for young orchards and
(b) The application of sodium nitrate or ammonium sulfate in mature orchards.

BELIEVES WILL HAVE ANOTHER WAR SOON

London.—(By The A. P.)—Major General Sir William Branker, who was Controller-General of Equipment and Master General of Personnel on the Air Council during 1918, said in an address here on "Aviation" that instinct told him there would be another war in five years.

"There will be no declaration," he said, "it will start by a sudden aerial attack."

FAVORITES SHOWED UNCERTAIN TREND

By Associated Press.
NEW YORK, Nov. 21.—Mixed conditions prevailed in the stock market today, favorites showing an uncertain trend. Lacking more plausible explanations the uneven tone was attributed to firmness of money rates and developments at the armament conference.
Among active shares the only noteworthy, and in most instances temporary gains were made by coppers, utilities and several of the junior oils, equipments and food specialties, with the usual sprinkling of miscellaneous issues. Sales amounted to 735,000 shares.

General advances over the week-end were of a piece with the market's hesitant movements. Business gains at western centers were neutralized by further declines in railroad tonnage, important loadings showing decreases on 10 to 25 per cent.

Demand loans opened at 5 per cent against last week's final quotation of 5 1/2 per cent, but the latter rate was posted toward the end, mainly at the expense of belated borrowers and offerings of time money even for the shorter dates, were relatively small.

British exchange hovered around its recent maximum, but French bills were heavy with the Belgian rate each forfeiting about 10 points.

German marks eased only a trifle, notwithstanding their acute weakness in London.

The investment market continued strong and broad, as indicated by large subscriptions to Consolidated Gas notes, totalling \$20,000,000 and the strength of the general list. In the railway division Missouri, Kansas and Texas issues rose in anticipation of the new reorganization plan.

Liberty bonds closed mostly at advances and international strengthened. Total sales (par value) \$16,875,000.

F. E. Drury of Orleans vicinity traveled to the city yesterday.

CLOSE OF WHEAT MARKET UNSETTLED

By Associated Press.
CHICAGO, Nov. 21.—With stocks of wheat rapidly being reduced in the wheat market, bulls today showed an increase of confidence. Owing to profit-taking however, advances which took place were not fully maintained. The close was unsettled 1 to 1 1/2 net higher with December 1.0 1/2 to \$1.04 and May \$1.11 to \$1.14, corn gained 1/2 to 3/4 and oats lost a shade to 1/4. In provisions, the outcome varied from 7 to 10c decline to a rise of 15c.

It was generally conceded from the start that a big falling off in the domestic visible supply of wheat would be announced and this expectation was more than fulfilled by a decrease of 4,500,000 bushels for the week. Besides exports for the season to Nov. 1, were given as 10,000,000 bushels more than for the corresponding period last year. Talk was also current that supplies east of the Rockies had been heavily over-exported and that Northwestern millers were after hard winter grades in Kansas, whereas advances on farm reserves in Kansas and in Nebraska as well indicated relatively small holdings. Lightness of receipts at all points counted as an additional bullish factor. Nevertheless the market presented an overbought appearance after midday, and commission houses turned the selling side forcing a material reaction.

Export demand helped to strengthen corn and so likewise did continued attention to plans for government financing of the corn crop. Trade in oats was mainly of a local character.

Packers selling of land did a good deal to counterbalance in the provision market the effect of higher quotations on hogs.

SURPLUS MOTOR TRUCKS BEING DISTRIBUTED

U. S. Department of Agriculture
Planes War Department Motor Vehicles in States for Use in Road Building.

More than 27,000 motor vehicles have been distributed by the Bureau of Public Roads of the United States Department of Agriculture among the various States for road-building purposes. Up to October 31 a total of 27,198 had been so distributed, including 1,800 retained by the Department of Agriculture for use on roads in the National Forests and in connection with the administration of the Federal Aid act. These comprise virtually all the surplus motor vehicles turned over to the Department of Agriculture by the War Department to be distributed under the Wadsworth-Kahn act among the States for road building purposes. These vehicles, consisting mostly of motor trucks, are a part of the war materials originally intended for use in France.

Due to a typographical error it was stated in a press notice sent to newspapers October 21 that the number allotted to the States was approximately 529,000 instead of 28,000.

PEOPLE PROSPEROUS IN CITY OF ROME

Rome—(By The A. J.)—Altho the cost of living is still going up in Rome and milk, meat, fish, butter and bread all cost more than they did during the summer, figures lately published by the Commune of Rome show that the prosperity of the people is steadily increasing, and that the Romans eat and drink better and amuse themselves more in 1921, than they did in 1920.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you that 90 per cent of all sickness comes from clogged bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil, which cures liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and cleaning the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

CHAPIN PEOPLE USE ELECTRIC LIGHT

Residents Greatly Appreciate New Service—Domestic Science Class Gave Dinner at Community High School—News Notes

Chapin, Nov. 19.—Chapin citizens surely appreciate the electric lights. Our streets are well lighted until midnight besides six all night lights. Many homes and practically all business houses have taken the lights and others are planning to do so.

Miss Dorothy Kennedy accompanied her mother, Mrs. J. F. Kennedy, as far as Concord on her way home to Waverly.

The Ladies' Aid society of the M. P. church held an all day meeting Thursday at the church to take comfort.

Mrs. Sarah Sullens was shopping in Jacksonville Thursday.

Gave Dinner at High School.

The Domestic Science class of the Community high school entertained at 6 o'clock dinner Friday evening, the mothers and fathers of the pupils, the board of education and the high school faculty also Mrs. J. F. Kennedy of Waverly. This dinner was one of the requirements of the course of study and was prepared entirely by the pupils, who also furnished the money, by donation, for the purchase of all supplies used, no expense being charged to the school board. Much credit is due Miss Dorothy Kennedy, the domestic science teacher for the excellent work of her class. The following menu was enjoyed:

Tomato consommé
Veal loaf
mashed potatoes, gravy
Cranberry sauce, celery
Hot roll, conserve
Pineapple salad
Brick ice cream
Cakes Coffee Mints
Cheese wafers

Principal Hess was toastmaster. Several mothers responded to toast, also Mrs. Alpha Anderson of the board of education and Miss Ina Shaull of the high school faculty.

Other News Notes.

Chapin was well represented in Jacksonville Saturday in spite of the bad weather. Among those going were: Mr. and Mrs. Grover Smith, Mrs. Elmer Sides, Miss Miss Helen Sides, Mrs. J. E. Burnham, Geo. R. Fox, Dr. J. H. Fountain, N. C. Nelson, James Wallace, J. V. Smith, Linc Braswell.

Quarterly conference of the Methodist Protestant churches of Chapin and Liberty held a meeting at the parsonage Saturday afternoon. Miss Edith Fox was elected conference secretary. John Boddy, H. F. Ommen and J. L. Alderson were elected parsonage trustees. Mrs. John Boddy, Mrs. Howard Tucker and Mrs. E. H. Nienhuiser were elected as pastors advisory board.

A large crowd attended the Rec Cross meeting Friday night. The entertainment was excellent. The very disagreeable weather kept many from attending who would otherwise have been present.

WHITE HALL VETERAN IS LAID TO REST

Funeral of Late John Benear Held Friday Afternoon at Family Home—Other White Hall News Notes.

White Hall, Nov. 18.—John Hiram Benear's death removes last of the members of Company G, 91st Illinois Infantry, under the captaincy of the late E. J. Pearce during the Civil War. Mr. Benear, who was attacked with rheumatism about a week ago, died at 8 o'clock Wednesday evening in his home in the Lorton's Prairie neighborhood, four miles southeast of White Hall. Funeral services were held at the home being delivered by Rev. W. M. Halley, and the burial was in the White Hall cemetery.

Mr. Benear was 83 years of age on August 8th last, being born in White Hall on that date in 1838 and his entire life has been spent in White Hall and vicinity. When the Civil War broke out he enlisted and served as a private in Company C, 91st Illinois Infantry. On April 24th, 1867, he and Miss Baker were married in White Hall, she dying in April, 1916. The children are Mrs. George A. Cafferty of Greenfield, Miss Mary Benear and Mrs. Annie Edwards at home.

The deceased was a member of no organization, but he was a substantial citizen who was generally known and held the universal respect of the community.

Mrs. H. W. Garrison has gone to Urbana for a visit with her son Homer, a student in the University of Illinois, and from there will go to Peoria to visit her son George, science teacher in the Averyville high school.

Mr. and Mrs. J. E. Meyers are the parents of an 8 pound daughter. The mother was formerly Miss Ralston of White Hall, but resides at Roodhouse, where her husband is in the train service on the western division of the C. & A. They are at present at the Walton hospital.

MOTOR BOATS USED BY FOREST RANGERS

Forest Rangers in Tongass National Forest, Alaska, Use Motor Boats Instead of Horses.

A forest ranger who rides a motor boat instead of a horse would be a novelty in the Western States, but it is the rule in the Tongass National Forest, Alaska. In a report to the United States Department of Agriculture, of conditions there, E. A. Sherman, associate forester, writes as follows:

"The Tongass National Forest is completely equipped with an admirable system of waterways. Here, instead of saddle and pack horse, the ranger rides a seagoing motor boat. He guides his steed by means of a wheel instead of reins; feeds it gasoline instead of oats; tethers it at night with an anchor in some sheltered cove instead of a picket rope in a mountain meadow, and uses the paint brush in lieu of a curry comb."

Rangers in that national forest travel in couples, two men to each motor boat. The boat is a staunch, sea-worthy craft, 35 to 40 feet long, equipped with 25 horsepower engines, and with fully inclosed cabin and pilot house. Except when they are at headquarters or actually at work in the woods, the rangers eat, sleep, and live on their boats.

"Summer is the busiest season," Mr. Sherman reports. "They day is not an 8-hour day, but usually a 16 or 20-hour day, with only -1 man actually on duty while the boat is running. The ranger is just as proud of his boat as the Redoubt horseman is of his steed, and the most distinctive craft sailing the waters of the Alexander archipelago."

WILL MAKE BIG WATERING PLACE

Hamburg.—(By The A. P.)—Plans are now afoot to convert Heliogoland, the dismantled German fortress, into an international watering place and a center for regattas and water sports. A company with large capital is organizing a scheme which will include extensive beach improvements and establish regular transportation routes between Hamburg and Bremen.

It is expected that the enterprise will appease the dissatisfaction of the islanders and put an end to the secession movement.

Take It In Time !

DO you know that by far the larger number of the common ailments of women are not surgical ones; that is they are not caused by any serious displacement, tumor, growth, or other marked change?

DO you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?

DO you know that many women and young girls suffer needlessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and develop into something serious.

If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.

The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restorative, relieving the present distress and preventing more serious trouble.

Why not give a fair trial to this medicine
